

Our Social World Introduction To Sociology

our social world introduction to sociology: Our Social World Jeanne H. Ballantine, Keith A. Roberts, Kathleen Odell Korgen, 2019-01-02 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. Our Social World: Introduction to Sociology inspires students to develop their sociological imaginations, to see the world and personal events from a new perspective, and to confront sociological issues on a day-to-day basis. Organized around the Social World model, a conceptual framework that demonstrates the relationships among individuals (the micro level); organizations, institutions, and subcultures (the meso level); and societies and global structures (the macro level), the authors use this framework to help students develop the practice of using three levels of analysis, and to view sociology as an integrated whole, rather than a set of discrete subjects. The Seventh Edition includes new coverage of climate change, the influence of robots and artificial intelligence on workers, race relations in the Trump era, transgender identity and gender fluidity, sexual harassment in the workplace and the #MeToo movement, declining marriage rates, the impact of tracking for students at all academic achievement levels, smoking as an example of health and inequality in the U.S., gun violence and the student movement to control access to guns, social media, and Russian interference in the 2016 election. This title is accompanied by a complete teaching and learning package. Digital Option / Courseware SAGE Vantage is an intuitive digital platform that delivers this text's content and course materials in a learning experience that offers auto-graded assignments and interactive multimedia tools, all carefully designed to ignite student engagement and drive critical thinking. Built with you and your students in mind, it offers simple course set-up and enables students to better prepare for class. Assignable Video with Assessment Assignable video (available with SAGE Vantage) is tied to learning objectives and curated exclusively for this text to bring concepts to life. LMS Cartridge (formerly known as SAGE Coursepacks): Import this title's instructor resources into your school's learning management system (LMS) and save time. Don't use an LMS? You can still access all of the same online resources for this title via the password-protected Instructor Resource Site. . SAGE Lecture Spark: Designed to save you time and ignite student engagement, these free weekly lecture launchers focus on current event topics tied to key concepts in Sociology.

our social world introduction to sociology: Our Social World: Condensed Jeanne H. Ballantine, Keith A. Roberts, Kathleen Odell Korgen, 2017-06-26 Our Social World: Introduction to Sociology, Condensed, inspires students to develop their sociological imaginations, to see the world and personal events from a new perspective, and to confront sociological issues on a day-to-day basis. The award-winning author team of Jeanne H. Ballantine, Keith A. Roberts, and Kathleen Odell Korgen organizes the text around the Social World Model," a conceptual framework that demonstrates the relationships among individuals (the micro level); organizations, institutions, and subcultures (the meso level); and societies and global structures (the macro level). The application of this model across chapters helps students practice using the three levels of analysis and view sociology as an integrated whole rather than a set of discrete subjects. The Fifth Edition of the Condensed version is adapted from Our Social World: Introduction to Sociology and is one-third shorter by streamlining boxes and the main narrative, and combining four chapters into two (Family/Education, and Politics/Economics). New and Key Features A new full-length chapter on health, illness, and healthcare has been added. Several chapters have been reorganized with updated data, added studies, and newly emerging emphases in sociology. Six new "Sociologists in Action" features added. Four new "Engaging Sociology" features added with new opportunities for data analysis by students. 100 new or updated Tables and Figures, nearly 500 new references, and dozens of older references removed. Many sentences and definitions in the book have been revised

for brevity and clarity, and the glossary has been updated for better correspondence with the text. Links to exceptional teaching resources from A.S.A.'s TRAILS (Teaching Resources and Innovation Library for Sociology) available in SAGE coursepacks. MCAT Guide maps chapter content to Foundational Concepts and Content Categories in Section 3 of the MCAT test available in SAGE coursepacks.

our social world introduction to sociology: *Our Social World* Jeanne H. Ballantine, Keith A. Roberts, 2010-07-29 A fully revised, updated and reorganized edition of this popular first year introduction to sociology.

our social world introduction to sociology: Our Social World Jeanne H. Ballantine, Keith A. Roberts, Kathleen Odell Korgen, 2016-11-30 Inspire your students to develop their sociological imaginations in *Our Social World*. Focused on deep learning rather than memorization, this book encourages readers to analyze, evaluate, and apply information about the social world; to see the connection between the world and personal events from a new perspective; and to confront sociological issues on a day-to-day basis. Organized around the Social World Model", a conceptual framework used across chapters to see the complex links between various micro- to macro-levels of the social system, students will develop the practice of using three levels of analysis, and to view sociology as an integrated whole, rather than a set of discrete subjects.

our social world introduction to sociology: *Our Social World* Dr Jeanne H Ballantine, Keith A. Roberts, 2011-04-25 The Third Edition of *Our Social World: Introduction to Sociology* is truly a coherent textbook that inspires students to develop their sociological imaginations, to see the world and personal events from a new perspective, and to confront sociological issues on a day-to-day basis. Key Features: * Offers a strong global focus: A global perspective is integrated into each chapter to encourage students to think of global society as a logical extension of their own micro world. * Illustrates the practical side of sociology: Boxes highlight careers and volunteer opportunities for those with a background in sociology as well as policy issues that sociologists influence. * Encourages critical thinking: Provides various research strategies and illustrates concrete examples of the method being used to help students develop a more sophisticated epistemology. * Presents The Social World Model in each chapter: This visually-compelling organizing framework opens each chapter and helps students understand the interrelatedness of core concepts. New to the Third Edition: * Thirty new boxed features, including the innovative 'Engaging Sociology' and 'Applied Sociologists at Work' features * Three substantially reorganised chapters (2. Examining the Social World, 3. Society and Culture, and 13. Politics and Economics) * 315 entirely new references and 120 new photos.

our social world introduction to sociology: Sociology Steven E. Barkan,

our social world introduction to sociology: *Our Social World* Jeanne H. Ballantine, Keith A. Roberts, 2009-11-20 *Our Social World: Introduction to Sociology, Brief Edition* introduces the discipline of sociology to the contemporary student and provides an integrated, comprehensible framework from which to view the world in a concise format. In each chapter, authors Jeanne H. Ballantine and Keith A. Roberts provide an organizing theme that is not exclusively tied to one theoretical paradigm to help students see relationships between topics. *Our Social World* presents the perspective of students living in the larger global world. Features of this brief edition: - Offers a strong global focus: A global perspective is integrated into each chapter to encourage students to think of global society as a logical extension of their own micro world. - Deep Learning Approach: Encourages Students to think critically about the social World - Presents The Social World Model in each chapter: This organizing framework helps students understand the interrelatedness of core concepts.

our social world introduction to sociology: Revealing Our Social World Mark Plume, 2016-08-08 Based on over twenty years of classroom experience, *Revealing Our Social World: An Introduction to Sociology* is written with the teaching sociologist in mind. Humorous, accessible, and informal, the book introduces non-major students to the basic theories, concepts, and terms of sociology. *Revealing Our Social World: A Brief Introduction to Sociology* is organized into four

sections, the first of which discusses the basics of the sociological perspective and imagination, along with the development of sociology as a discipline. In the second section the material examines how people fit into their social landscapes. This section features topics such as culture, socialization, groups, social institutions, and deviance. The third section addresses various forms of inequality, while the fourth examines the structure of the daily grind as it applies to marriage and family, religion, education, politics, and the economy. Each chapter lays out the basic elements of the topic using vivid cross-cultural examples and includes suggested readings, practical activities, and a section titled There's an App for That. *Revealing Our Social World: A Brief Introduction to Sociology* is a fresh and engaging text for introductory sociology courses at the undergraduate level. Mark Plume earned his Ph.D. in sociology at the University of Southern California. Dr. Plume has been teaching sociology for more than twenty years and is currently a professor at Reynolds Community College, where he teaches traditional and on-line courses in introductory sociology, marriage and family, and cultural and physical anthropology. Dr. Plume also teaches sex and gender and research methods at Virginia Commonwealth University. His research interests include alcoholic families, gender, and social class. His most recent work examines millennials and their belief in the afterlife. He is a member of the American Sociological Association and the Gerontological Society of America. Dr. Plume, his wife, and their miniature schnauzer make their home in central Virginia.

our social world introduction to sociology: *Introduction to Sociology 2e* Nathan J. Keirns, Heather Griffiths, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Sally Vyain, Tommy Sadler, Jeff D. Bry, Faye Jones, 2015-03-17 This text is intended for a one-semester introductory course.--Page 1.

our social world introduction to sociology: Our Social World Wayne Sproule, 2001

our social world introduction to sociology: *The Real World* Kerry Ferris, Jill Stein, 2018 In every chapter, Ferris and Stein use examples from everyday life and pop culture to draw students into thinking sociologically and to show the relevance of sociology to their relationships, jobs, and future goals. Data Workshops in every chapter give students a chance to apply theoretical concepts to their personal lives and actually do sociology.

our social world introduction to sociology: *Introduction to Sociology* Sebahattin Ziyank, 2019-07-18 *Introduction to Sociology* provides students with a carefully curated selection of readings that demonstrate how everyday human interactions construct our global social world. The collection offers students an array of unique perspectives on foundational sociological concepts and an engaging look into real-world issues and the global impacts of social life. The text is divided into 13 chapters. The opening chapter provides students with a general introduction to sociology and describes three basic types of sociological traditions. Additional chapters introduce readers to sociological research methods, concepts related to culture, the idea of socialization, and perceptions of deviance and crime. They explore readings on social stratification, race as a social construct, contemporary constructions of gender and sexuality, and the role and function of marriage and family in modern times. Education, politics, globalization, population, and urbanization are discussed within the context of sociology. The book closes with a chapter dedicated to social change and social movements. Written to help students understand how sociological theories can support their understanding of our social world, *Introduction to Sociology* is an ideal resource for foundational courses in discipline. Sebahattin Ziyank is an assistant professor of sociology in the Department of Social Sciences at the University of Texas of the Permian Basin. His research has been published in *European Review of Applied Sociology*, *International Journal of Innovation and Research in Educational Sciences*, and *The Qualitative Report*, and he has contributed books, book chapters and articles to a variety of publications. Outside of academia, he serves as the president of the Peace Academy of West Texas and a board member for Odessa Links, an organization that provides a continuum of care services to homeless individuals.

our social world introduction to sociology: *Our Social World Interactive EBook* Jeanne H. Ballantine, Keith A. Roberts, 2011-06-23 The new Interactive E-Book version of Jeanne Ballantine and Keith Robert's acclaimed *Our Social World: Introduction to Sociology, Third Edition* is ideal for

students in online and traditional courses who prefer a more contemporary, multimedia-integrated presentation for learning. This incredibly Interactive E-Book provides students with the identical content and page layout of the traditional printed book in a flexible electronic format. In addition, they can link directly from the page to video, audio, additional enrichment readings, glossary terms, and other relevant resources, bringing Sociology to life in a way that a traditional print text can't. Students will also have immediate access to study tools such as highlighting, bookmarking, note-taking, an interactive glossary, and more.

our social world introduction to sociology: *Resonance* Hartmut Rosa, 2019-07-26 The pace of modern life is undoubtedly speeding up, yet this acceleration does not seem to have made us any happier or more content. If acceleration is the problem, then the solution, argues Hartmut Rosa in this major new work, lies in "resonance." The quality of a human life cannot be measured simply in terms of resources, options, and moments of happiness; instead, we must consider our relationship to, or resonance with, the world. Applying his theory of resonance to many domains of human activity, Rosa describes the full spectrum of ways in which we establish our relationship to the world, from the act of breathing to the adoption of culturally distinct worldviews. He then turns to the realms of concrete experience and action – family and politics, work and sports, religion and art – in which we as late modern subjects seek out resonance. This task is proving ever more difficult as modernity's logic of escalation is both cause and consequence of a distorted relationship to the world, at individual and collective levels. As Rosa shows, all the great crises of modern society – the environmental crisis, the crisis of democracy, the psychological crisis – can also be understood and analyzed in terms of resonance and our broken relationship to the world around us. Building on his now classic work on acceleration, Rosa's new book is a major new contribution to the theory of modernity, showing how our problematic relation to the world is at the crux of some of the most pressing issues we face today. This bold renewal of critical theory for our times will be of great interest to students and scholars across the social sciences and humanities.

our social world introduction to sociology: *An Introduction to Sociology* Karim Murji, Sarah Neal, John Solomos, 2021-11-03 An Introduction to Sociology is your essential guide to understanding the social forces that shape our lives and the world around us. This innovative textbook introduces you to the key theories, themes, and concepts in the discipline of sociology and helps you to develop as a sociologist by providing comprehensive coverage of all the main areas of study. Presenting you with the history, current debates and recent research developments for each topic, this book covers everything from classical sociologies and traditional subjects such as class, families, and religion, through to more progressive areas like digital society, social media, migration, and the interconnectedness of modern global society. The book's extensive coverage means it can be used throughout your studies, from first year to final year. Key features: Each chapter is written by an internationally renowned expert who uses specialist insight and the latest research to provide a reliable and up-to-date overview. Includes a selection of unique learning features such as "Hear from the Expert" boxes and "Key Cases" from around the world, as well as reflective activities and revision questions that will enhance your knowledge. Features a section titled "What is sociology useful for?" which includes chapters on the public value of sociology and the role of sociology in contemporary society. The book is supported by a wide-ranging collection of online teaching and learning resources including exclusive video content from SAGE Video, links to SAGE Journal Articles, sample essay questions, and a selection of multiple-choice questions. This definitive text is perfect for first-year sociology undergraduates and anyone studying sociology at university or college level.

our social world introduction to sociology: *Introduction to Sociology* George Ritzer, 2017-09-15 This Fourth Edition of George Ritzer's Introduction to Sociology shows students the relevance of sociology to their lives. While providing a rock-solid foundation, Ritzer illuminates traditional sociological concepts and theories, as well as some of the most compelling contemporary social phenomena: globalization, consumer culture, the digital world, and the "McDonaldization" of society. With examples on every page from current events and contemporary research, and stories

about “public” sociologists who are engaging with the critical issues of today, the text demonstrates the power of sociology to explain the world, and the diversity of questions that sociologists seek to answer. New to this Edition New “Trending” boxes focus on influential books written by sociologists that have become part of the public conversation about important issues. Replacing “Public Sociology” boxes, these boxes demonstrate the diversity of sociology's practitioners, methods, and subject matter, and feature such authors as: Michelle Alexander (*The New Jim Crow*) Elizabeth Armstrong and Laura Hamilton (*Paying for the Party*) Randol Contreras (*The Stick-Up Kids*) Matthew Desmond (*Evicted*) Kimberly Hoang (*Dealing in Desire*) Arlie Hochschild (*Strangers in Their Own Land*) Eric Klinenberg (*Going Solo*) C.J. Pascoe (*Dude, You're a Fag*) Lori Peek and Alice Fothergill (*Children of Katrina*) Allison Pugh (*The Tumbleweed Society*) Updated examples in the text and Digital Living boxes keep pace with changes in digital technology and online practices, including Uber, bitcoin, net neutrality, digital privacy, WikiLeaks, and cyberactivism. New or updated subjects apply sociological thinking to the latest issues including: the 2016 U.S. election Brexit the global growth of ISIS climate change President Trump's proposed Mexican border wall further segmentation of wealthy Americans in the super rich transgender people in the U.S. armed forces charter schools the legalization of marijuana the Flint water crisis fourth-wave feminism

our social world introduction to sociology: *Sociology* Robert J. Brym, Lance W. Roberts, Lisa Strohschein, 2018-01-22 A compelling design, research focus, and an engaging narrative defines Sociology: Compass for a New Social World. The renowned author team shows students how thinking sociologically can help them draw connections between themselves and the social world. Sociological concepts are clearly connected to students' interests and experiences by taking universal and popular elements of contemporary culture and rendering them sociologically relevant. This text devotes more space than others do to drawing connections between objectivity and subjectivity in research, presenting a more realistic, and therefore more exciting, account of how sociologists practise their craft. Tables and graphs are not simply referred to, they are analyzed. Some theories are rejected, while others are endorsed. The author team brings depth to issues of diversity and globalization using personal and research experiences.

our social world introduction to sociology: *Introduction to the Science of Sociology* Robert Ezra Park, E. W. Burgess, 2019-11-19 Introduction to the Science of Sociology by Robert Ezra Park, E. W. Burgess. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

our social world introduction to sociology: *Introduction to Sociology* Frank van Tubergen, 2020-02-25 Comprehensive and engaging, this textbook introduces students not only to foundational sociological work, but also to insights from contemporary sociological theory and research. This combined approach ensures that students become familiar with the core of sociology: key concepts, theories, perspectives, methods, and findings. Students will acquire the ability to think like a sociologist, investigate and understand complex social phenomena. This text presents a complete sociological toolkit, guiding students in the art of asking good sociological questions, devising a sophisticated theory and developing methodologies to observe social phenomena. The chapters of this book build cumulatively to equip students with the tools to quickly understand any new sociological topic or contemporary social problem. The textbook also applies the sociological toolkit to selected key sociological issues, showing how specific sociological topics can be easily investigated and understood using this approach. Taking a global and comparative perspective, the book covers a rich diversity of sociological topics and social problems, such as crime, immigration, race and ethnicity, media, education, family, organizations, gender, poverty, modernization and religion. The book presents a range of helpful pedagogical features throughout, such as: Chapter overview and learning goals summaries at the start of every chapter; Thinking like a sociologist

boxes, encouraging students to reflect critically on learning points; Principle boxes, summarizing key sociological principles; Theory schema boxes, presenting sociological theories in a clear, understandable manner; Stylized facts highlighting key empirical findings and patterns; Key concepts and summary sections at the end of every chapter; and Companion website providing additional material for every chapter for both instructors and students, including PowerPoint lecture notes, discussion questions and answers, multiple-choice questions, further reading and a full glossary of terms. This clear and accessible text is essential reading for students taking introductory courses in sociology. It will also be useful for undergraduate and graduate courses in other social science disciplines, such as psychology, economics, human geography, demography, communication studies, education sciences, political science and criminology.

our social world introduction to sociology: Our Social World - International Student Edition Jeanne H. Ballantine, Keith A. Roberts, Kathleen Odell Korgen, 2019-04-14 Organized around the Social World model, a conceptual framework that demonstrates the relationships among individuals (the micro level); organizations, institutions, and subcultures (the meso level); and societies and global structures (the macro level), the authors use this framework to help students develop the practice of using three levels of analysis, and to view sociology as an integrated whole, rather than a set of discrete subjects.

our social world introduction to sociology: The Social Construction of Reality Peter L. Berger, Thomas Luckmann, 2011-04-26 A watershed event in the field of sociology, this text introduced "a major breakthrough in the sociology of knowledge and sociological theory generally" (George Simpson, American Sociological Review). In this seminal book, Peter L. Berger and Thomas Luckmann examine how knowledge forms and how it is preserved and altered within a society. Unlike earlier theorists and philosophers, Berger and Luckmann go beyond intellectual history and focus on commonsense, everyday knowledge—the proverbs, morals, values, and beliefs shared among ordinary people. When first published in 1966, this systematic, theoretical treatise introduced the term social construction, effectively creating a new thought and transforming Western philosophy.

our social world introduction to sociology: Everyday Sociology Reader Karen Sternheimer, 2020-04-15 Innovative readings and blog posts show how sociology can help us understand everyday life.

our social world introduction to sociology: An Introduction to Sociology Anthony Giddens, Mitchell Duneier, 2000-04-01

our social world introduction to sociology: Public Sociology John Germov, Marilyn Poole, 2020-07-22 From the future of work to the nature of our closest relationships, how do we understand the links between our personal troubles and wider public issues in society today? Now into its fourth edition, Public Sociology continues to highlight the relevance of a grounded sociological perspective to Australian social life, as well as encouraging students to apply a sociological gaze to their own lives and the communities in which they live. Public Sociology presents a wide range of topics in a user-friendly and accessible way, introducing key theories and research methods, and exploring core themes, including youth, families and intimate relationships, class and inequality and race and ethnic relations. All chapters have been extensively revised to bring them up to date in a fast-changing social world, reflecting the latest sociological debates in response to changing lifestyles and evolving political landscapes. In addition to updated statistics and research findings, an expanded glossary and the latest citations to the scholarly literature, the text features a completely new chapter on gender and sexualities with expanded discussion of LGBTIQ+. This new edition also explores contemporary issues ranging from the #MeToo movement to marriage equality, fake news and 'alt facts'. This is the essential sociological reference to help students make sense of a complex and challenging world. NEW TO THE FOURTH EDITION: * A new chapter on gender and sexualities and expanded discussion of intersectionality * Exploration of the latest social issues including #MeToo, rising inequality, and the 'post-truth' age * All chapters thoroughly revised and updated with the latest research * Updated book website with extra readings, YouTube clips, and

case studies * A new feature, Visual Sociology, helps the reader analyse the power of visual messaging 'With a firm base in the richest traditions of the discipline and with a remarkably approachable format, this book offers an excellent introduction to a wide array of sociology's concerns, making it suitable for all Australian social science undergraduates.' Gary Wickham, Emeritus Professor of Sociology, Murdoch University 'A sophisticated yet accessible introduction to social identities, differences and inequalities, and social transformations.' Jo Lindsay, Professor in Sociology, Monash University 'Sweeping and lucid...communicates with ease and simplicity.' Toni Makkai, Emeritus Professor, College of Arts and Social Sciences, Australian National University

our social world introduction to sociology: Culture in Networks Paul McLean, 2016-11-11 Today, interest in networks is growing by leaps and bounds, in both scientific discourse and popular culture. Networks are thought to be everywhere - from the architecture of our brains to global transportation systems. And networks are especially ubiquitous in the social world: they provide us with social support, account for the emergence of new trends and markets, and foster social protest, among other functions. Besides, who among us is not familiar with Facebook, Twitter, or, for that matter, World of Warcraft, among the myriad emerging forms of network-based virtual social interaction? It is common to think of networks simply in structural terms - the architecture of connections among objects, or the circuitry of a system. But social networks in particular are thoroughly interwoven with cultural things, in the form of tastes, norms, cultural products, styles of communication, and much more. What exactly flows through the circuitry of social networks? How are people's identities and cultural practices shaped by network structures? And, conversely, how do people's identities, their beliefs about the social world, and the kinds of messages they send affect the network structures they create? This book is designed to help readers think about how and when culture and social networks systematically penetrate one another, helping to shape each other in significant ways.

our social world introduction to sociology: The Sociology of Education Jeanne Ballantine, Floyd M. Hammack, 2015-07-22 Putting Sociology to Work; Chapter 4 Gender, Race, and Class: Attempts to Achieve Equality of Educational Opportunity; Gender and Equality of Educational Opportunity; Class, Race, and Attempts to Rectify Inequalities in Educational Opportunity; Integration Attempts; Educational Experience of Selected Minorities in the United States; Improving Schools for Minority Students; Summary; Putting Sociology to Work; Chapter 5 The School as an Organization; The Social System of the School; Goals of the School System; The School as an Organization.

our social world introduction to sociology: Intro to Sociology 4th , 2009

our social world introduction to sociology: Introducing Sociology Using the Stuff of Everyday Life Josee Johnston, Kate Cairns, Shyon Baumann, 2017-01-06 The challenges of teaching a successful introductory sociology course today demand materials from a publisher very different from the norm. Texts that are organized the way the discipline structures itself intellectually no longer connect with the majority of student learners. This is not an issue of pandering to students or otherwise seeking the lowest common denominator. On the contrary, it is a question of again making the practice of sociological thinking meaningful, rigorous, and relevant to today's world of undergraduates. This comparatively concise, highly visual, and affordable book offers a refreshingly new way forward to reach students, using one of the most powerful tools in a sociologist's teaching arsenal—the familiar stuff in students' everyday lives throughout the world: the jeans they wear to class, the coffee they drink each morning, or the phones their professors tell them to put away during lectures. A focus on consumer culture, seeing the strange in the familiar, is not only interesting for students; it is also (the authors suggest) pedagogically superior to more traditional approaches. By engaging students through their stuff, this book moves beyond teaching about sociology to helping instructors teach the practice of sociological thinking. It moves beyond describing what sociology is, so that students can practice what sociological thinking can do. This pedagogy also posits a relationship between teacher and learner that is bi-directional. Many students feel a sense of authority in various areas of consumer culture, and they often enjoy sharing

their knowledge with fellow students and with their instructor. Opening up the sociology classroom to discussion of these topics validates students' expertise on their own life-worlds. Teachers, in turn, gain insight from the goods, services, and cultural expectations that shape students' lives. While innovative, the book has been carefully crafted to make it as useful and flexible as possible for instructors aiming to build core sociological foundations in a single semester. A map on pages ii-iii identifies core sociological concepts covered so that a traditional syllabus as well as individual lectures can easily be maintained. Theory, method, and active learning exercises in every chapter constantly encourage the sociological imagination as well as the doing of sociology.

our social world introduction to sociology: Schools and Society Jeanne H. Ballantine, Joan Z. Spade, Jenny M. Stuber, 2017-10-25 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. This comprehensive anthology features classical readings on the sociology of education, as well as current, original essays by notable contemporary scholars. Assigned as a main text or a supplement, this fully updated Sixth Edition uses the open systems approach to provide readers with a framework for understanding and analyzing the book's range of topics. Jeanne H. Ballantine, Joan Z. Spade, and new co-editor Jenny M. Stuber, all experienced researchers and instructors in this subject, have chosen articles that are highly readable, and that represent the field's major theoretical perspectives, methods, and issues. The Sixth Edition includes twenty new selections and five revisions of original readings and features new perspectives on some of the most contested issues in the field today, such as school funding, gender issues in schools, parent and neighborhood influences on learning, growing inequality in schools, and charter schools.

our social world introduction to sociology: Terrible Magnificent Sociology Wade, Lisa, 2021-12-15 Using engaging stories and a diverse cast of characters, Lisa Wade memorably delivers what C. Wright Mills described as both the terrible and the magnificent lessons of sociology. With chapters that build upon one another, *Terrible Magnificent Sociology* represents a new kind of introduction to sociology. Recognizing the many statuses students carry, Wade goes beyond race, class, and gender, considering inequalities of all kinds—and their intersections. She also highlights the remarkable diversity of sociology, not only of its methods and approaches but also of the scholars themselves, emphasizing the contributions of women, immigrants, and people of color. The book ends with an inspiring call to action, urging students to use their sociological imaginations to improve the world in which they live.

our social world introduction to sociology: The Sociology of Globalization Luke Martell, 2010-03-08 List of Figures, Tables and Boxes p. vi Introduction: Concepts of Globalization p. 1 1 Perspectives on Globalization: Divergence or Convergence? p. 19 2 The History of Globalization: Pre-modern, Modern or Postmodern? p. 43 3 Technology, Economy and the Globalization of Culture p. 67 4 The Globalization of Culture: Homogeneous or Hybrid? p. 89 5 Global Migration: Inequality and History p. 105 6 The Effects of Migration: Is Migration a Problem or a Solution? p. 120 7 The Global Economy: Capitalism and the Economic Bases of Globalization p. 135 8 Global Inequality: Is Globalization a Solution to World Poverty? p. 159 9 Politics, the State and Globalization: The End of the Nation-state and Social Democracy? p. 188 10 Global Politics and Cosmopolitan Democracy p. 214 11 Anti-globalization and Global Justice Movements p. 239 12 The Future World Order: The Decline of American Power? p. 259 13 War and Globalization p. 287 Conclusion p. 310 Acknowledgements p. 316 References p. 317 Index.

our social world introduction to sociology: Contemporary Introduction to Sociology Jeffrey C. Alexander, Kenneth Thompson, Laura Desfor Edles, 2016-01-08 The first edition of *A Contemporary Introduction to Sociology* was the first truly new introductory sociology textbook in decades. Written by two leading sociologists at the cutting edge of theory and research, the text reflected the idioms and interests of contemporary American life and global social issues. The second edition continues to invite students to reflect upon their lives within the context of the combustible leap from modern to postmodern life. The authors show how culture is central to

understanding many world problems as they challenge readers to confront the risks and potentialities of a postmodern era in which the futures of both the physical and social environment seem uncertain. As culture rapidly changes in the 21st century, the authors have broadened their analysis to cover developments in social media and new data on gender and transgender issues.

our social world introduction to sociology: This Is Sociology Dan Woodman, Steven Threadgold, 2021-09-20 An accessible and engaging introduction to sociology to help you understand and make our complex social worlds better.

our social world introduction to sociology: Theoretical Sociology Jonathan H. Turner, 2013-07-11 What can sociological theory tell us about the basic forces that shape our world? With clarity and authority, *Theoretical Sociology: A Concise Introduction to Twelve Sociological Theories*, by leading theorist Jonathan H. Turner, seeks to answer this question through a brief, yet in-depth examination of twelve major sociological theories. Readers are given an opportunity to explore the foundational premise of each theory and key elements that make it distinctive. The book draws on biographical background, analysis of important works, historical influences, and other critical insights to help readers make the important connections between these monumental sociological theories and the social world in which we live. This concise resource is a perfect complement to any course that seeks to examine both classic and contemporary sociological theory.

our social world introduction to sociology: The Engaged Sociologist Kathleen Odell Korgen, Jonathan M. White, 2014-10-08 This fully updated edition of *The Engaged Sociologist* by Kathleen Odell Korgen carries the public sociology movement into the classroom, while at the same time providing an engaging overview of the entire field. It demonstrates how to think sociologically, to develop a sociological eye, and to use sociological tools to become effective participants in a democratic society. Perfect as a supplement for an introductory course, or as a main text for any course that has public sociology at its roots, this inspiring book will serve as a guidebook to any student who is passionate about applying sociological concepts to the world around them.

our social world introduction to sociology: The Scholar Denied Aldon Morris, 2017-01-17 In this groundbreaking book, Aldon D. Morris's ambition is truly monumental: to help rewrite the history of sociology and to acknowledge the primacy of W. E. B. Du Bois's work in the founding of the discipline. Calling into question the prevailing narrative of how sociology developed, Morris, a major scholar of social movements, probes the way in which the history of the discipline has traditionally given credit to Robert E. Park at the University of Chicago, who worked with the conservative black leader Booker T. Washington to render Du Bois invisible. Morris uncovers the seminal theoretical work of Du Bois in developing a "scientific" sociology through a variety of methodologies and examines how the leading scholars of the day disparaged and ignored Du Bois's work. *The Scholar Denied* is based on extensive, rigorous primary source research; the book is the result of a decade of research, writing, and revision. In exposing the economic and political factors that marginalized the contributions of Du Bois and enabled Park and his colleagues to be recognized as the "fathers" of the discipline, Morris delivers a wholly new narrative of American intellectual and social history that places one of America's key intellectuals, W. E. B. Du Bois, at its center. *The Scholar Denied* is a must-read for anyone interested in American history, racial inequality, and the academy. In challenging our understanding of the past, the book promises to engender debate and discussion.

our social world introduction to sociology: Jocks and Burnouts Penelope Eckert, 1989-01-01 This ethnographic study of adolescent social structure in a Michigan high school shows how the school's institutional environment fosters the formation of opposed class cultures in the student population, which in turn serve as a social tracking system.

our social world introduction to sociology: The Short Guide to Sociology Mark Doidge, Rima Saini, 2020-02-26 This illuminating book offers a fresh and contemporary guide to the field of sociology. By demonstrating the versatility of the sociological imagination, the authors reveal the ways in which thinking sociologically can help us to understand the personal, social and structural changes going on in the world around us. Using real world case studies, the book addresses key

sociological themes such as: · global social transformations · social divisions and inequalities · social theory and its practical applications · the personal and the political Providing a set of concepts, tools and perspectives for analysing our social world, the book equips the reader with an understanding of how to start thinking sociologically. With helpful features such as end-of-chapter summaries, key definitions and recommended readings, it is an invaluable resource for students taking an introductory sociology course or those studying sociology at further or higher education level.

our social world introduction to sociology: *Sociology Today* Arnaud Sales, 2012-08-16 We are living in a turbulent world marked by fast, continuous social changes that affect the lives of individuals, families, communities, organizations, businesses, nation-states, and international networks. This fundamentally commits contemporary sociology to being a science of change. This collection effectively mirrors this diversity and variety of transformations underway in today's societies and transnational spaces. Written by a group of internationally renowned sociologists, it offers a cutting edge understanding of what is happening in our life worlds, work lives and frames of social existence. Bringing up issues such as political turbulence, cultural and artistic dynamics, family changes, gender roles, migration flows and social movements, it is a timely contribution that discusses transformation and globalization and their consequences in both theoretical and substantive terms. Illuminating and comprehensive, this book will be of immense use for sociology students on all levels, as well as lecturers, researchers and others who are interested in social life and the consequences of human action. Arnaud Sales is Emeritus Professor of Sociology at the University of Montreal, Canada.

our social world introduction to sociology: *Sociology for Social Workers* Anne Llewellyn, Lorraine Agu, David Mercer, 2008-07-08 How can sociology contribute to positive social work practice? This introductory textbook uses pedagogical features such as chapter summaries, numerous examples, a glossary, activities and annotated further reading.

Our Social World Introduction To Sociology Introduction

In today's digital age, the availability of Our Social World Introduction To Sociology books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Our Social World Introduction To Sociology books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Our Social World Introduction To Sociology books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Our Social World Introduction To Sociology versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Our Social World Introduction To Sociology books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Our Social World Introduction To Sociology books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Our Social World Introduction To Sociology books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Our Social World Introduction To Sociology books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Our Social World Introduction To Sociology books and manuals for download and embark on your journey of knowledge?
