From a librarian to a homeless war veteran to a little girl who's just moved in, this cat makes everyone's world a little brighter, a little less lonely. Each neighbor is unaware of the cat's visits with everyone else, so he goes by many different names: Stuart Little, Dove, Placido—the cat answers to them all. Only when a near-accident threatens the cat does everyone learn his true identity and owner. In learning about each other, the people in the neighborhood come together as a community. THE CAT WITH SEVEN NAMES is a heartfelt story that reflects the need and desire of all people to be a part of a community, to have a connection with someone or something—be it animal or human. Told from the perspective of each of the six neighbors, Tony Johnston introduces point of view to readers of all ages, while Christine Davenier's loose watercolor illustrations beautifully depict the diversity of the world around us.

Virgil is making his older siblings trek to a mountain lake on a trip unlike any they've taken before. the harmonica by tony johnston: *The Barn Owls* Tony Johnston, 2001-07-01 Tony Johnston's *THE BARN OWLS* recalls in quiet tones the memory of a barn that has stood alone in a wheat field for one hundred years at least. The owls have nested there and have hunted in the fields and circled in the night skies as time slowly slipped by. Every night, as the moon rises, a barn owl awakens and flies out to hunt. Feathered against the endless starry night, he swoops and sails to the darkened wheat field below and catches a mouse in his nimble talons. With outstretched wings, this barn owl returns to his barn nest and his hungry family, repeating the ageless ritual his ancestors have practiced here, in this barn, for at least one hundred years. Following the life cycle of the barn owl, this gentle poem evokes a sense of warm sunshine and envelopes readers with the memory of the scent of a wheat field.

the harmonica by tony johnston: *The Yellow Star* Carmen Agra Deedy, Henri Sorensen, 2002 This powerful and dignified story of heroic justice is a story for all people and all times. The book tells the legend of King Christian X of Denmark. The ruling of the Nazis that all Danish Jews would have to display a yellow star on their clothes frightened the Danes and their King. He sought for guidance in the starry night sky, and came up with a very simple answer. Everyone, himself included, would wear a yellow star. The book's focused and simplified approach allows children to be exposed to an unpleasant subject without feeling threatened. The seamless interaction between the illustrations and the text make this a fascinating and thought-provoking piece of work.

the harmonica by tony johnston: **The Grand Mosque of Paris** Karen Gray Ruelle, Deborah Durland Desaix, 2010-06-01 When the Nazis occupied Paris, no Jew was safe from arrest and deportation. Few Parisians were willing to risk their own lives to help. Yet during that perilous time, many Jews found refuge in an unlikely place--the sprawling complex of the Grand Mosque of Paris.

Not just a place of worship but a community center, this hive of activity was an ideal temporary hiding place for escaped prisoners of war and Jews of all ages, especially children. Beautifully illustrated and thoroughly researched (both authors speak French and conducted first-person interviews and research at archives and libraries), this hopeful, non-fiction book introduces children to a little-known part of history. Perfect for children studying World War II or those seeking a heart-warming, inspiring read that highlights extraordinary heroism across faiths. Includes a bibliography, a recommended list of books and films, and afterword from the authors that gives more details behind the story.

Looking at five hundred representative songs, he tells the story of the musicians who made those records, the society that produced them, and the music they were making. Volume one looks at fifty songs from the origins of rock and roll, starting in 1938 with Charlie Christian's first recording session, and ending in 1956. the harmonica by tony johnston: When Giants Walked the Earth Mick Wall, 2010-11-09 The first significant fresh reporting on the legendary band in twenty years, built on interviews with all surviving band members and revealing a never-before-seen side of the genius and debauchery that defined their heyday. Veteran rock journalist Mick Wall unflinchingly tells the story of the band that pushed the envelope on both creativity and excess, even by rock 'n' roll standards. Led Zeppelin was the last great band of the 1960s and the first great band of the 1970s—and *When Giants Walked the Earth* is the full, enthralling story of Zep from the inside, written by a former confidante of both Jimmy Page and Robert Plant. Rich and revealing, it bores into not only the disaster, addiction and death that haunted the band but also into the real relationship between Page and Plant, including how it was influenced by Page's interest in the occult. Comprehensive and yet intimately detailed, *When Giants Walked the Earth* literally gets into the principals' heads to bring to life both an unforgettable band and an unrepeatable slice of rock history.
